Chapter Directors: Danny and Kathy McIlrath

Hello,

The Chapter did a different style of activity on Saturday, October 11th as per a suggestion from **Ed and Jeanette Carr**. We had tried to go last year but they were all booked when we called for reservations. So this year we tried calling earlier and seven couples from our chapter went Beach to the Dolphin View River Cruise. where we ate dinner while overlooking remarkably good and when we all boarded the boat to start our cruise. We while and watched the dolphin swim turned around and headed back north and The lighthouse was beautiful along with manatees swimming and playing in the water while dolphins joined us a couple more times. **Jeanette** took lots of photos which you can see on our website. It was a really nice evening where everyone seems to enjoy themselves. There was a lot of socializing and nice times beautiful scenery float by.

The sunset was just amazing.

Danny & Kathy McIlrath
Chapter

K

down to New Smyrna We arrived by 5:30pm the river. The food was finished eating we then headed south for a along with us. We then went out in the inlet. the sunset. We saw just sitting peacefully watching the

Rider Education Levels Program

Let's
get on the road
to leveling up.
Show off your
skills.

The GWRRA Rider Education Program (REP) is intended to make the motorcycle environment safer by reducing injuries and fatalities and increasing motorcyclist skills and awareness. The REP does not propose to have all the answers. Several benefits of GWRRA Rider Education Program are:

Increased rider knowledge, Increased rider safety skills, Prevention of accidents, Reduced injuries, Reduced fatalities, Improved general public image of motorcyclists, Enhanced enjoyment of motorcycle riding.

If interested in learning more about the Level's program contact your Chapter Educator,
Bob Finney

Motorcycle Helmets

The National Highway Traffic Safety Administration has noted that DOT-compliant helmet use by riders is on the increase, even in states without universal helmet laws. And you probably already

know that full-face DOT-approved motorcycle helmets are the single most important component of protective gear for saving your life in a crash. Short of a crash, though, how do you know that your helmet will be up to the task? Proper helmet care and timely replacement are key factors for ensuring that your helmet will be there for you, if and when it's needed.

Helmet Care

Follow the helmet manufacturer's care instructions, which often cover the following:

- **Cleaning Outside:** Use soap, water, and a soft rag, not Windex or other types of corrosive cleaners.
- **Cleaning Inside:** Use a wet rag with a little soap applied to it; a non-scented dryer sheet can be used to remove odors.
- **Storing:** During rides or afterwards, keep helmets in safe locations, where they are not likely to get dropped, kicked, scratched, or otherwise damaged; avoid storage near gasoline, cleaning fluids, exhaust fumes, or excessive heat. Never hang a helmet from a bike appendage, like a mirror or turn signal, where the inner liner is depressed and can become distorted.
- **Decorating/Modifying:** Before painting, affixing a decal, or pin striping a helmet, check the manufacturer's instructions.
- **Replacing Defective Parts:** If a part on the helmet becomes defective, replace it only with the appropriate part from the helmet manufacturer.
- **Cleaning Air Ducts:** Be careful not to damage passageways when removing debris from them; do not use a sharp object for cleaning.

Helmet Inspection

Periodically, do a visual inspection of the helmet's main components:

- **Outside Shell:** Look for any cracks, scratches, or dings, which indicate that the helmet has sustained some type of impact. Discoloration or deformities may indicate exposure to harmful chemicals, too much heat, or aging. Make sure all air duct passages are clear of debris.
- **Inside Shell:** Remove the inside padding and inspect the Styrofoam liner for any signs of cracks, indentions, or compressed foam.
- **Fitting Pads:** Inspect for any signs of fraying, damage, or wear and tear; the helmet should retain its snug, but comfortable fit.
- **Buckle and Strap:** Remove any salt accumulation left from perspiration and look for signs of wear, such as failing stitching; make sure the buckle is not damaged.
- **Mechanical Parts:** Make sure that all vents and visor mechanicals work properly and that flip-up helmets still lock securely in the down position.

Replace any damaged or worn parts. If you are unsure about your helmet's viability, manufacturers often will inspect your helmet upon request.

Helmet Replacement

Motorcycle helmets are only good for one impact, whether it's a drop or a crash. Notwithstanding any damaged components, most helmet manufacturers recommend replacing their lids every three to five years. High quality motorcycle helmets may be expensive, but what they protect is irreplaceable. So take care of your helmet, inspect it regularly, and don't hesitate to replace it when necessary.

R I D I N G ! ! !

1st MOTORCYCLE TRIP SINCE EARLY MAY

A change in visitor plans allowed us to leave early for our TX/MO/AR trip and attend the MS District Convention. Florida chapters represented there were: FL1-D Pensacola, FL1-L Panama City, FL1-A2 Tallahassee, FL1-Y Gainesville, FL1-H2 Orlando, FL1-E2 Walton Beach. If you have never been, plan to attend next October then head on over to AL for the Region A Convention.

With the event located in Gulfport and our motel located in Biloxi- we enjoyed the 8+ miles of beach at least twice a day. **Jim & Margie Hodge** gave us the history of the beach roadway telling how MS planned ahead in the late 1800's to make their shore line beautiful. In all, there are 26 miles of man-made white sand beaches to separate the blue gulf waters from the winding roadway, homes, oak trees, restaurants and casinos. BREATH TAKING!!!

Katrina took out the old historic homes along the north side of the roadway but lots are cleaned; beach improvements have been made, while houses, restaurants, and gift shops on stilts are beginning to fill the spaces.

Our leader, **Bill Berry**, introduced a more serious side of himself at the MS Convention. When not busy, he could be found in a soft chair reading, As a WWII history enthusiast, he spends his "extra" time reading. Also, we learned he can sing!! **Bill** and **Dolly Dodd** accompanied **Joyce Rist** in singing Amazing Grace during the talent show. Later to honor the retirement of **Bobby** and **Lori Bryant-MS DD**, **Bill** sang "Big Bad John" with the name Bobbie sometimes instead of John. **WE ARE PROUD OF YOU, BILL!!!!**

We are pleased to hear from FL1-V CD, **David Howell** that his wife **Lee** is home from hospital and recovering from heart surgery. She has one more hospital stay for another stent to be placed. Please remember them in your prayers during this recovery time.

More good news is that FL1-F2 CD, **Beverly McCarthy** is up and around as she continues to recover from her accident. We hope to see you at GWRRA events in 2014.

Ed & Jeanette Carr

Region "A" Regional Directors:

Jim & Sue Jackson

jack297@bellsouth.net

Hello Southeast Region 'A' Friends.

This week we are riding the "sugar-white-sandy-beaches" of the Florida Panhandle in the Destin Fort Walton area which is one of my favorite beach areas. The weather is just bodacious with nothing but cool temps, blue sky and sunshine. Mama-Nature had been good to us motor-sickle riders for the past 2-weeks of riding. I mean how good can it get. Last week was spent at the Mississippi District Rally on the Mississippi Gulf Coast and this week riding the Florida Panhandle. Yep, it's rough but somebody has to do it and I volunteer.

Speaking of the Mississippi District Rally, District Directors Bobby and Lori Bryant and their MS Staff really put on the dawg over there in Mississippi and presented a super District RallyVention. This venue location is excellent and located right on the beach. Restaurants close by and more fun going on at the RallyVention than one could stand. This was Bobby and Lori's last presentation of the Mississippi District RallyVention as they completed their tenure as MS District Directors and rode off into the sunset. Actually, they are taking a well deserved rest and I expect you will continue to see them at different activities in Mississippi and all around the Region. A tip of the helmet to Bobby and Lori as well as their MS Staff for a job well done over the past four years. They will be missed I'm sure.

May I introduce the new Mississippi District Directors Harry and Diane Schafer. You've probably heard their name or know them since they have been the Mississippi District Couple of the Year during 2014. What a dynamic couple and they have jumped in with both feet. A complete District Staff has been selected and they've grabbed the responsibilities and duties of the Mississippi District and are off and running. Yep, they are eager beavers and the District of Mississippi will not miss a beat with these "high steppers." When you have the opportunity check out the Mississippi website and see the complete MS Staff and the very fine leaders of Mississippi. And watch for the first MS Newsletter from Harry/Diane and the MS Staff I'm sure it will be impressive with new ideas and information for the Mississippi Member. The complete Southeast Region 'A' Staff welcomes the new Mississippi Officers and Staff Members and I ask that all Mississippi Members please give your full support to Harry and Diane and their very fine Mississippi Staff.

Congratulations to each new MS District Staff Member.

More information from our Regional District Directors on the website below

www.gwrra-regional.org

Senior District Directors: Bill & Gina Berry
bgberry93@tampabay.rr.com

We just completed the final Rally/Vention in Region A for 2014. The Mississippi Rally was great and we wish **Bobby** and **Lori** the best as they move on in their adventures. Welcome to **Harry** and **Diane** and their staff!! We know the FUN in Mississippi will continue under their leadership. Oh, by the way, I was fortunate enough to win one of the Couple of the Year Baskets! Yes, it was worth over \$400.00 with \$200.00 being cash! Yippee!!! You can say that I really had FUN at their rally!

The influx of our Northern friends is in full swing and we look forward to seeing many of them at the upcoming events! Welcome back to Florida where Rule #1 is in FULL swing....Having FUN!

We will be attending the Region A Officers meeting early December. This is the event where we all get all the updates and changes coming in 2015. This then translates into our holding the District Chapter Conference on January 10-11, 2015. CD's, please plan to attend this conference with as many of your folks as possible. This is an approved GWRRA Chapter expense if funds are available. We plan to provide you with the necessary "business" side of our association, as well as, as much FUN as we can! This event will be held at the Park Inn by Radisson in Kissimmee. Call the hotel directly for reservation: 407-997-2152. Code is 0115 GoldWR or Gold Wing January Event. The conference format is going to be different this year with the main theme of "Getting back to Basics" at the Chapter level. We feel you will not be disappointed in attending. Remember you can bring folks who might be interested in becoming an Officer with your Chapter. They will get a good feel for what it takes to run a FUN and successful chapter! For those who want to bowl and for those who just want to watch the FUN, we have located a bowling alley not far from the hotel. So plan on enjoying a FUN night out Saturday evening!

With the onset of winter, the rally season is over and before we know it, our March 2015 Rally/Vention will be on top of us. We are offering you the chance to **win a flat screen TV** when you book at least 2 nights at the host hotel, (Park Inn by Radisson).

Also, if you preregister for the Rally/Vention on or before January 15, 2015, you will be entered in a drawing for \$100.00 cash. We will be drawing 3 winners for the Gold Wing Raffle- 1st drawing for a New Gold Wing or \$10,000.00 cash. 2nd drawing for \$1,00.00 cash and 3rd drawing for \$500.00 cash. There will be many other giveaways at closing! Who wants to win?????

In, Closing, we are honored to be your Florida District Directors and we are thankful for all we have and for the friends in this association! Enjoy the coming holidays and safe as yo ride! If you have any comments or questions, always feel free to contact us. We look forward to seeing many of you out and about in the next couple of months!
