

**CHAPTER FL1-K, MATANZAS WINGS
PALM COAST/ST. AUGUSTINE**

MARCH

Our monthly gathering takes place on the 2nd Tuesday of every month at the High Jackers Restaurant, 202 Airport Rd in Palm Coast.

We begin with dinner at 6 pm, and our gathering starts at 7 pm.

Please come and join us – we'd LOVE to see you!

Visit us online at www.fl1-k.org!

Ed & Jeanette Carr, Chapter Directors

386-846-0146 - gwroadrider@gmail.com

From the Director's Chair

Ed & Jeanette Carr, FL1-K Chapter Directors

February was a very good Riding Month

February rides, to name a few, have picked up significantly in large part due to the incredible weather we've been having. On February 4th **Barry & Faye Watson** led the ride to Swampy's Bar & Grill in Dunnellon. Accompanying Barry & Faye to this restaurant by the river were **Jim Eschenberg** and **RockNBob Ingenito and Lorraine**. Since Jeanette & I were on the WingerNWaves cruise with 200 of our friends we could not be there. On 7 February **Barry** also led the "Footloose" Ride from McDonald's in Palm Coast with **Howard Towne and his Brother Dennis and Jim Eschenberg**.

From 6 to 10 February The following folks were on the WingersNWaves cruise. **Conrad & Marcia Shad, Gene & Eileen Heaney, Gordon & Betty Currie, Deanna & Albert Cisson and Jeanette & Me**. Also on board were **Anita & JR Alkire, CEO EWMA and Bruce & Barb Beeman, President EWMA**.

On 18 February Jeanette & I led the Breakfast ride to Pyper Kub Airport Restaurant in Williston. With us were **Bob & Julie A'Hearn and RockNBob & Rainie**. Our Lotto Dinner had to be moved from the original location at Beach Front Grill to our Gathering Location at High Jackers Restaurant at Flagler Executive Airport. In attendance were **Barry & Faye Watson, Jim & Joanne Eschenberg, Gordon & Betty Currie, Don & Judi Black, Bob & Julie A'Hearn, RockNBob & Rainie, Gary & Ruth Sober, Conrad & Marcia Shad and Jeanette & I**. **RockNBob's** ticket was pulled for his chance to try for the red chip in with 10 white chips. With \$48.00 in the pot, RockNBob pulled the dreaded white chip with the #6 for River Grill by the Tomoka which will be the March Lotto Dinner location.

On 25 February Chapter's FL1-K & FL1-X, Met at Schooler's Seafood Restaurant in St Augustine, for a Multi-Chapter luncheon Present were **Chapter FL1-X CD's Geno & Kathie Jette, along with Gary & Terri and Charles**. Those from Chapter FL1-K were **Howard Towne, Barry & Faye Watson and Jeanette & Me**.

One last tidbit of advice to cut down on answering Robocalls: Many people do not answer their phones if they don't recognize the number, because of so many Robocalls. For participants of Chapter FL1-K, please include the Chapter Director, as well as the contact info for the Team Members into your contacts, so when they need to get in touch, their call will not go unanswered. I have all Chapter participants numbers in my contacts for that reason.

Ed & Jeanette Carr, Directors

50'S FUN CONTINUED!

Thursday of the March Rally will launch the 1st Eagle Wings Motorcycle Association *Fun Night*. On the agenda are:

DINNER - sit down & be served (pre paid)

DRESS - 50's attire Costume Contest

MUSIC - Silent Disco Dance Party

If you have been on a cruise, you might be familiar with the silent disco. Participants are provided headsets with 3 music channels to select from. It is fun to participate or just watch the different singing, dancing, etc.

We hope many of you can attend Thursday and the other days. For those not able to attend, never fear! There will be a chance for you to wear 50's outfits in April. We who go to the rally will be happy to put on our outfits again at the April Gathering at High Jackers. Won't the other dinner patrons be surprised!

SO, in April you may either wear your chapter shirt or a 50's outfit.

Come join in the fun!

Jeanette Carr,
 gwcorider366@gmail.com, 386-846-1678

Florida District Educator

Dominick & Diane Desiato

Greetings to All,

Whoop hoo! It's almost here. March 16th through March 18th is our Florida District Rally. We are looking forward to a great time with our EWMA friends. We have some fun on-bike games waiting for you. We will have 2-wheel and 3-wheel motorcycle games. Solo or pairs can participate.

We will be having our \$10,000 Grand Prize Drawing at closing ceremonies. There are still some outstanding Raffle Ticket monies due from some of our Chapters. Please send in any outstanding Chapter Raffle Ticket money now. You will still be making checks payable to: "GWRRA Florida District Rider Education". We will not be changing our name on our bank account to "EWMA" until after our District Rally.

FRONT WHEEL BEARING FAILURE

I often write my safety articles based on something I heard of that happened to another motorcyclist or something that happened to me. This article is about something that I experienced. I was on a day ride Wednesday when I began to feel some vibration in the handlebars of my 2008 GL1800 Honda Gold Wing. I immediately thought that this might be the front wheel bearings. I was going to check it out when I stopped for gas, which was close by. Before I got to the gas station I began to hear a plastic rubbing noise. The front plastic fender can telegraph the grinding noise of the worn bearing which is what I was hearing. I made it to the gas station and put the bike on the center stand so I could freely turn the front wheel. I could feel resistance in the wheel turning and when I put my ear against the plastic front fender and spun the front wheel, I could hear the vibration. Plastic front fenders will channel the vibration noise and make it easier to hear.

Front wheel bearings on most motorcycles are sealed. That means you cannot grease them at normal maintenance intervals. Every time you have a front tire replaced you should check, or have the mechanic check the condition of your front wheel bearings. If you are not ready to remove the front wheel for a new tire, checking the bearings can be done by supporting the bike with the front wheel off the ground. Spin the wheel and see if you can feel any resistance or slack. Hold on to the opposite sides of the wheel with both hands. Shake the wheel to see if you feel any free play. Look at the bearing dust covers on both sides of the wheel at the axle for metal dust shavings. You could use a mechanic's stethoscope to listen at the axle as you spin the wheel for any grinding or strange noise. If the wheel is removed you could put your finger in the center of the bearings and spin the inner race feeling for any roughness in movement.

There is no set amount of mileage when front wheel bearings will fail. It all depends on the conditions the bike is ridden in. If you travel in a lot of wet conditions or ride on muddy dirt roads, your chances of front wheel bearing failure is increased. My bike has 102,000 miles on it and has been ridden on many cross country trips in the rain. I tend to keep my motorcycles for a long time and usually change the front wheel bearings around 100,000 miles when it is time to replace the front tire. I didn't need a front tire yet which is why I had not changed this bike's front bearings as yet. Knowing the tell tale signs of front wheel bearing failure is what alerted me. Most motorcycles only have one wheel bearing on each side of the wheel. The Honda GL1800 has two wheel bearings on each side of the wheel. That means when the outer bearing fails, the inner bearing will keep you from having instant loss of control. When one bearing fails it is time to replace all 4

(Continued on page 5)

(Continued from page 4)

bearings and 2 outer seals.

It would be safer to change your front wheel bearings early rather than waiting for a dangerous mishap. The front wheel could lock up and you are going down. Preventative maintenance is the key to safe riding.

We are here to assist you with your training needs.

Ride Safe!!

Dominick & Diane

American Flags

If you have any torn, tattered, or discolored flags of any size, please give them to me. I will gladly have them disposed of properly, DO NOT put into trash.

Thank you.

MARE CARSTENS

FL1-K CHARTER MEMBER REMEMBERED

Mare and her husband Carl were instrumental in FL1-K becoming a chapter and it's continued success. In September of 2007 the chapter received its Charter and that same year Mare and Carl were the Couple of the Year. Carl was Milage Statistician and Mare was the Sunshine & P.R. Lady.

They lived in St. Augustine which led to the idea of the chapter being called "Matanzas Wings" which is a fort between Palm Coast and St. Augustine – the area included in the chapter.

Mare was an artist and sold many paintings. She designed the picture for the chapter patch. Her creativity also led to award winning chapter scrape/photo albums entered into rally competition. She also designed and made the Chapter Bibs the members wore at any eating events. It was a delight to see their enthusiasm at local, state, region and national rallies. They knew how to have **Florida Funshine!**

Due a lot to Mare's planning, the chapter attended multiple events that she documented in the albums. They visited other chapters, state/region/national rallies, a Crawfish Festival, Blue Angel Air Show, American Cancer Relay for Life, etc. besides dinners out, ice cream stops, and just fun rides.

Traveling to Wing Ding in Billings Montana with chapter members, they also participated and won in

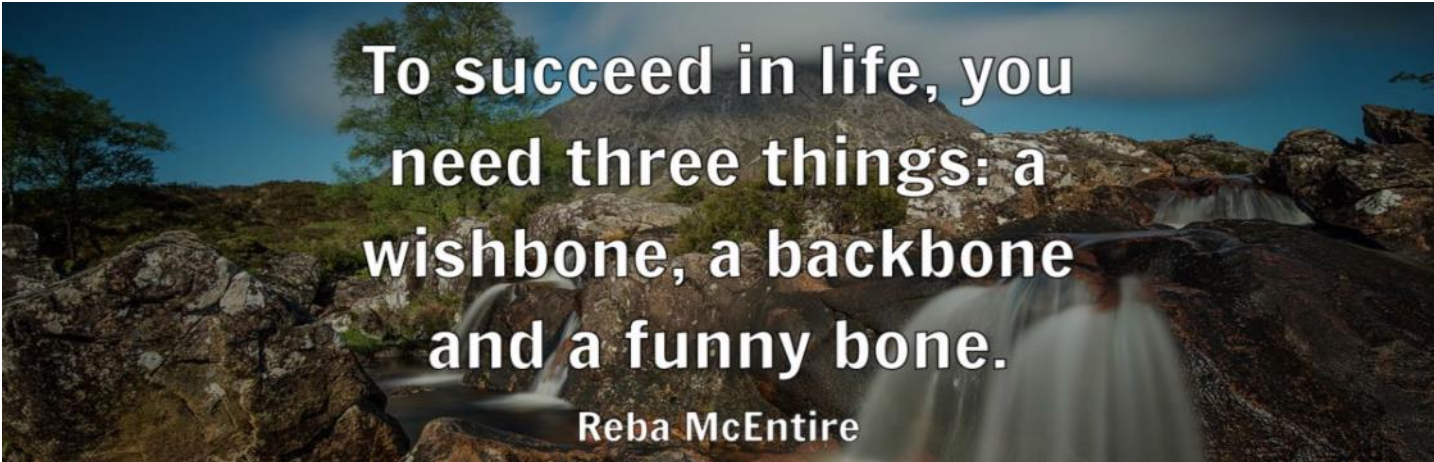

the Bike Show competition.

Mare and Carl are fondly remembered by original chapter members and newer members who benefit from their efforts, leadership, and example.

On The Lighter Side

- We were doing home renovations and, incredibly when we knocked down a wall, we found a secret, fully furnished room...and then I remembered “We live in a duplex.”
- The 5 by 5 rule...if it's not gonna mater in 5 years, don't spend more than 5 minutes being upset about it.
- GETTING OLDER is just one body part after another saying, HA HA, you think that's bad? Watch this.
- Two women were in a bus fighting over the last available seat. The conductor had already tried unsuccessfully to intervene when the bus driver shouted to the conductor, “Let the ugly one take the seat.” Both women stood for the rest of the journey...Argument done!
- Save business cards of people you don't like. If you ever hit a parked car accidentally, just write “sorry” on the back of the card and leave it on the windshield.
- My favorite childhood memory is having energy.
- It is hard to imagine a more stupid or more dangerous way of making decisions then by putting those decisions in the hands of people who pay no price for being wrong.
- Be thankful for today, because in one moment, your entire life could change.
- One out of four people in this country is mentally unbalanced. Think of your three closest friends...if they seem okay, then you must be the one.
- I thought the dryer made our cloths shrink...Turns out it's the fridge!
- Dogs are welcome in this hotel. We never had a dog that smoked in bed and set fire to the blankets. We never had a dog that stole our towels and played the TV too loud, or had a noisy fight with his traveling companion. We never had a dog that got drunk and broke up the furniture...SO, if your dog can vouch for you, you're welcome too. THE MANAGEMENT.
- It all begins and ends in your mind, what you give power to has power over you.
- Everything happens for a reason. Sometimes, the reason is that you're stupid and make bad choices.
- The quieter you become, the more you can hear.
- As one goes through life, one learns that if you don't paddle your own canoe you don't move,

To succeed in life, you
need three things: a
wishbone, a backbone
and a funny bone.
