Bob & Julie Ahearn, FL1-K Asst. Chapter Directors

Merry Christmas!

Hello from our home in St. Augustine. Enjoy the holidays with your Family and Friends. We'll be in the local area until February, when our travel plans will begin for the new year.

If you're looking for Christmas Stocking Stuffers for the family, or yourself, we have Florida District Rally tickets available for purchase. The cost is \$10 for a book of ten chances to win \$5,000, \$500, or \$250. The tickets are available now. If need tickets, just call, text or email us. We'll even provide a drop-off service!

The drawing will be held March 16, 2014, at the EWMA Florida District Rally in Gainesville. You **do not** need to be present to win. Julie and I will be there to bring home your winnings.

Last month we were visited by our past prior Maryland MD-I Chapter Director (Gerry Yager) and Treasurer (Leslie Hubbell). Both have retired and moved into two different towns in North Carolina.

They arrived over the Veterans Day Weekend, and we all played tourist in St. Augustine.

The day started at "Grumpy's" for breakfast, then proceeded to The Old Town Trolley in St. Augustine.

We boarded the Trolley at the Old Jail DEPOT and rode to all 21 stops. The most popular stops included Potters Wax Museum, St. George Street, Castillo de San Marcos (the Fort), The Fountain of Youth, St. Augustine Distillery, and the Villa Zorayda Museum.

The Columbia Restaurant was overbooked for lunch and not taking "walk-ins" so we decided to venture down St George Street to find another place for lunch.

Found a small brewpub at the end of St. George's Row of 18 Unique Shops named "Rendezvous Restaurant". We all had a nice lunch and jumped back on the Trolley to complete the rest of the tour.

Julie, Gerry, and Leslie left me on the Trolley as they decided to visit the "San Sebastian Winery". It was a great stop for all as it took me about two hours to get to the car and rescue them!

Looks like they will return for another visit next year...

(Continued on page 4)

(Continued from page 3)

The following weekend Julie and I joined the Chapter Ride to the Conestoga Restaurant located in the town of Alachua.

The ride included our Chapter Directors Ed & Jeanette, Rock'in Robert our Ride Coordinator, Dennis, and Howard.

We all enjoyed our lunch and visit and will return in the future.

Afterwards Julie and I stopped at the Gift Shop "Kelly's Kreations Gift and Flowers". We purchased a few Christmas decorations before we headed home. Check it out next time you visit the town.

This month our Chapter Christmas Party will be held on Saturday the 2nd, followed by the CPR Class on Sunday the 3rd.

Our December Gathering is still scheduled for Monday the 11th.

Julie's birthday is also on the 2nd of December so wish her a Happy Birthday when you see her at the Christmas Party!

Next month, join us for the Florida District "First Ride of the Year". It will be held at Shrimp "R" Us Restaurant in Welaka. You must RSVP on the flyer to get an accurate head count and receive a wrist band upon arrival. See the event on Group Works or contact Ed & Jeanette for a copy of the flyer.

Safety Article

Dominick & Diane Desiato

CAN YOU STILL SEE ME NOW?

We do many things to help be more visible to other drivers in traffic. Let's start by talking about "Hi-Viz" jackets. Colors vary with motorcycle jackets. The idea for riding safety is to pick the brightest color you can that you think will make other drivers see you and single you out in traffic. The latest bright color most of us are using is Hi-Viz "fluorescent green". It is definitely a color that stands out. The problem with any color is that it should be different from other colors in the riding environment so it makes you stand out. Hi-Viz fluorescent green is now being used by all types of entities. Police, Fire Fighters, Road Workers, Pole Line Workers, Tree Trimmers, and many others including Pan Handlers are all wearing Hi-Viz fluorescent green. The advantage of motorcycles riders wearing a color that is unique has now faded away. Drivers have become accustomed to seeing Hi-Viz fluorescent green so the potential to gain attention is gone. So what is the solution to the jacket issue? Maybe it's time to alternate colors. I have found that the bright colored jackets begin to fade after about 3 years. I have been buying new jackets about every 3 years not because they have worn out, but because they have faded to the point where their bright attraction is gone. What I am going to start doing is change colors every time I replace jackets. This might solve the problem of blending in with the rest of population wearing the same colored jackets. A white or light colored Hi-Viz helmet can also be very helpful to be more visible in traffic. A car driver might think: "look at that "Q-Tip" on that motorcycle". But, at least they saw you.

There are other things we can do to be more visible in traffic. Put more lights on you motorcycle. Adding auxiliary "driving lights" to the front of your motorcycle is helpful to be more visible. Driving lights should be mounted below the headlight to form a "light triangle". Forming a triangle with your front lights separates you from car headlights which are all horizontal blending in to one another. Having those driving light equipped with "amber" colored lenses instead of white also makes you stand out more. Other strip lighting can be added on other places on you motorcycle: front, sides and rear. Just remember in Florida some colors of auxiliary lights have restrictions by law. On the public roadways no "blue" light can be visible at all. "Red" lights can only be used if visible only from the rear of the motorcycle. All other colors can be placed anywhere. No lights can "flash" on a continuous basis. Flashing "red" lights can only be displayed if they are in conjunction with braking.

Others things you can do to be more visible in traffic is to move around a lot more. The whole lane is yours. The lane is about 12ft. wide. You on your bike is only about 3ft. wide. Trikes are about 5-1/2ft. wide. That gives you plenty of room to move around. This moving around action makes your headlight appear to flicker around which will attract attention. Always position yourself in your lane so you are more visible to oncoming traffic and not in the blind spots of any vehicle you are riding next to. Ride as if you are invisible. To many other drivers you are invisible. Always give yourself a way out or an "escape path" should another vehicle make a move into your space. Ride with your bright headlight on in the daytime. If there is a vehicle waiting to turn left from the opposite direction, do not flash your headlight to gain attention. This can be misinterpreted as you giving them permission to turn in front of you. If your bike has a weak horn consider installing a louder horn(s). If you are going to mount a louder horn you must install a "relay switch" in order to get full advantage of the loudness of the new horn(s). On a smaller motorcycle you can't just unplug the stock

(Continued on page 7)

horn and plug in a larger horn(s). The stock system probable can't handle the addition amperage load. That is why you need a "relay switch". The relay switch connects your new horn directly to the battery giving you the power needed for the new horn. There are "YouTube" videos on this subject you can watch to show you exactly how to wire the new horn(s).

Remember: Despite wearing apparel that screams "Look at me!" we may be at risk of becoming increasingly unremarkable.

We are here to assist you in safe riding,

Dominick & Diane

Me, With Holiday Treats

FL1-K COMMUNITY SERVICE PROJECT

By Marcia Shad

Many people (as I do) receive new Christmas cards from different organizations starting in early August. My family traditionally sends a photo Christmas card & thus do not use the ones mailed to us.

I would like to collect Christmas cards throughout the year as well as traditional birthday, get well cards, etc. if you do not use them. I will gladly collect them at any time we are together and will donate them to several long-term care centers & nursing homes in the area. The residents enjoy having cards to send to their “friends” in the same facility.

I feel this would be a good will gesture for our EWMA Chapter. I have done this in the past & I was well-received by the facilities.

Thank you.
