### Riding the Rides

In mid-November Jennette and I went to Gainesville and met up with the **EWMA Chapter Director Kenny Kellam, Ride Coordinator Mike Ewing and Web Master Ralph Brigham** at the Best Western Gateway Grand Hotel & Conference Center. Mike & Ralph each drafted a route of different rides that might be used for the rally in March. We all met at the Host hotel and left early that morning. It was about 50 degrees and windy. Mike drafted a ride to the south of Gainesville and Ralph designed a ride to the north. After riding the routes, I found them to be just what we were looking for and the ones we will use for the rally. One route will be used on Friday, KSU 8:30am, and the other on Saturday KSU 8:30am.

With the excellent help of **Carlos Lozano**, who put both maps to paper and then onto a GPX file, all that was left for me to do was ride the rides. I went over to the hotel again on January 25 & 26<sup>th</sup>, accompanied by **Chapter FL1-K Assistant Chapter Director Bob A'Hearn**, for an overnigher, at which time we will meet up again with Mike & Ralph, to ride the GPX routes for a final check before we post them on the District Website. I think you will enjoy these rides as much as I do. Each route is a little over 100 miles with a planned 15-20-minute stop and will take about 3 hours to complete. Both rides leave from and return to the Host Hotel. If you are fully registered for the rally, you will have an opportunity to sign up for the rides before the rally begins.

We hope you are registered for the rally because it's going to be a blast from the past at the **Florida District Gathering of Friends for FUN on March 14<sup>th</sup>, 15<sup>th</sup> & 16<sup>th</sup>, 2024. We will be having Fun With 50's, 60's & 70's TV Shows.** We will have the Raffle to support Safety with the 1<sup>st</sup> drawing of \$5000.00, the 2<sup>nd</sup> drawing for \$500.00 and the 3<sup>rd</sup> drawing for \$250. You need not be present to win. There will also be a KD Cycle donated three drawings of \$500.00 cash at closing ceremonies. We hope to see you there.

There are no  
 strangers here;  
 Only friends you  
 haven't yet met.

The group we will be cruising with were previous members of the old organization from Maryland Chapters / District. It will ne nice to see them again.

Our port visits include Falmouth Jamaica, Cartagena Columbia, Panama Canal Partial Transient New Locks, Colon Panama, Limon Costa Rica, Grand Cayman Islands, and return to Ft Lauderdale.

We signed up for many port visit excursions. The most exciting one will be in the Caymans. Julie always wanted to swim with the Dolphins, and now she would have the opportunity to get some kisses from the big fish!

## Membership Benefit Musings

Jeanette Carr, Membership Benefit Coordinator

### WELCOME TO OUR NEWEST E.W.M.A. MEMBERS

Phil and Belinda moved to Palm Coast from South Carolina to be near her father and found our chapter after an on-line search for a group to ride with. We have enjoyed having them at recent gatherings and enjoyed their company at the 1<sup>st</sup> Ride of the Year. They enjoy a variety of motorcycle experiences/events & are fun to talk with.

Ernie and Sue “found us” at Shrimps R Us on New Year’s Day. They are recently retired, live in Palatka, and love to ride. They joined us for the Swamp House Ride. Since it was a COLD morning, they arrived 40 minutes early at location A so they had time to warm up and visit before starting off again. They are easy to talk with and we look forward to more rides.

#### REMINDER: PLEASE RENEW YOUR MEMBERSHIP

The organization is growing and we look forward to future happy times.

## Florida District Safety/Ride Coordinators

### Safety Article

*Dominick & Diane Desiato*

#### Greetings to All,

The Florida District Rally is almost here! Great new location, great rides, Bike Games, and our beautiful Florida riding winter weather, what more could you want. No reason not to bring your bike. EWMA is all about the ride.

We will be having two different "On the Bike" Games in which everyone can participate. Two-Wheels or Three-Wheels, with or without a passenger, all are welcome. Gift cards will be awarded to the winners in each category. We will be playing two Bike Games that have been popular and fun at past Rallies. The "Bean Bag Shuffle Board Toss Game" and the "Critter Pick Up Game". If you would like to preview and practice these games ahead of the Rally just send us an email and we can send you the details.

This would be a good time to check your bike to make sure it is ready and safe to attend our Rally. Below is a review of what you should be checking on your bike.

#### NINE TIPS TO MAKE YOUR BIKE LIVE LONGER

1. If it is a new bike, follow the recommendations in your owner's manual. Pay close attention to the maintenance schedule section.
2. If the bike is new, break in the engine properly. The first few hundred miles are the most critical. Do not over rev the recommended engine rpms.
3. Change the oil as per the owner's manual schedule. The original oil usually has no synthetic properties. You may want to use a synthetic blend on your first oil change and thereafter use full synthetic oil. Full synthetic oil has more lubricating factors, does not break down as fast and can be changed at longer intervals. Most motorcycle manufacturers will recommend standard oil be changed every 4,000 miles. Full synthetic oil can easily last 6,000 miles without breaking down. This can be especially helpful on long touring trips. Full synthetic oil also helps your engine run cooler, especially in hot Florida weather conditions. Synthetic oil helps your engine parts experience less friction and wear. You will seldom get a recommendation from your dealer or the motorcycle company to use synthetic blend or full synthetic oil in your motorcycle. After all they are in the business of selling you a "new" motorcycle every couple of years.
4. Clean your air filter as recommended.
5. Check your tire pressure regularly. Low tire pressure can affect your safe handling, gas mileage and early tire wear.
6. Grease the wheel bearings if it applies. Even sealed bearings should probably be replaced every 100,000 miles for peace of mind and safety.
7. Check your drive train, whether chain, belt or drive shaft, for wear. Bikes with drive shafts have U-joints that can wear out and get sloppy until they finally break.

*(Continued on page 7)*

(Continued from page 6)

8. Charge the battery. If your bike sits for long periods of time connect a battery tender charging system to the battery. This will extend the life of your battery and the bike will start up when you finally want to ride it.
9. Do a pre-ride check. Establish a routine for checking your bike before each ride. Check the motor oil level, tire pressure, fuel, brake fluid levels and lines, electrical system & switches, lights, turn signals, controls, and look for any loose bolts.

Ride Safe!

We are here to assist you in safe riding,

*Dominick & Diane*

## On The Lighter Side

FRIENDS are like PANTIES

Some crawl up your butt.

Some don't have the strength  
to hold you up.

Some get a little twisted.

Some are your favorite.

Some are holy

Some are cheap.

Some are naughty.

And some actually cover your  
butt when you need them to.

The three stages of life:

Wanting stuff.

Accumulating stuff.

Getting rid of stuff.

The average human  
walks 900 miles per  
year and drinks 22  
gallons of coffee.

This means that the  
average human get  
41 miles per gallon.

Yesterday I got my wife to help  
me put some posts in the ground  
for our new fence, I gave her  
the new hammer and I said,  
"When I nod my head, you

hit it." I don't remember  
much after that.

For the ladies;  
Your husband will always be your  
biggest and oldest child that re-  
quires  
the most adult supervision.

One of the most sincere  
forms of respect is  
actually listening to  
what another has to say.

## American Flags

If you have any torn, tattered, or discolored flags of any size, please give them to me. I will gladly have them disposed of properly, DO NOT put into trash.

Thank you.
