### It's as FUN as FUN can be!!

The first week of March 2024 is here. I hope you are as excited as I am to be going to the Florida District Gathering of Friends for FUN with the 50's, 60's & 70's TV Shows on March 14<sup>th</sup>, 15<sup>th</sup> & 16<sup>th</sup> at the Best Western Gateway Grand Hotel & Conference Center, 4200 N.W. 97<sup>th</sup> Blvd, in Gainesville, FL. If you were a fan of, I love Lucy, Gunsmoke, MAS\*H, Perry Mason, the Adventures of Ossie & Harriet, Brady Bunch, Honeymooners or the Andy Griffith Show. Or maybe The Beverly Hillbilly's, the Fugitive, Lawrence Welk or the Ed Sullivan Show, you will probably see it at the Gathering. We will be having some FUN in the Game Room. Make sure you all stop by and say "Hi" and play the games. There are lots of prizes which include for the 1<sup>st</sup> time Gift Cards. There will be a sit-down dinner on Thursday evening for those who have paid in advance. And don't forget the Guided Rides, one on Friday morning and one on Saturday mornings. Priority will be given to those members who have pre-Registered for the rally.

I really look forward to these rallies because it is a great way to see old friends from out of state, and even from Florida, that we haven't seen in a while.

And there is the question of who will win the \$5,000, \$500. and \$250. prizes to be won at Closing Ceremonies on Saturday.

Don't forget to bring in the donated Goodies for the hospitality Room. Unfortunately, we cannot accept homemade goodies per the hotel rules. Jeanette will collect these goodies at the March Chapter Gathering.

We hope to see you at a EWMA Event in 2024,

*Ed & Jeanette Carr, Directors*

### FL-1K ACDs March 2024

This month we hope to see everyone at our District Rally, March 14<sup>th</sup> – 16<sup>th</sup> in Gainesville.

District Rally tickets are still available for purchase. Julie and I sold out but our Chapter Directors, Ed & Jenette received more to sell before the event. The cost is \$10 for a book of ten chances to win \$5,000, \$500, or \$250.

Please ensure we receive your ticket stubs by our Gathering on Monday the 11<sup>th</sup> so we can ensure they get into the barrel at the Rally.

The drawing will be held March 16<sup>th</sup>. You **do not** need to be present to win. Julie and I will be there to bring home your winnings.

Last month, EWMA Members, including a few of our Chapter Members, cruised with Wingers and Waves.

We had other reservations with Princess Cruises. Julie and I set sail from Ft. Lauderdale for the Panama Canal on [the Ruby Princess](#).

Our group included previous members of the old organization from the Maryland Chapters / District, the Maryland Thunderbird Club, and the

Masons.

Our first port visit was Falmouth Jamaica, and we spent half the day at the “Bamboo Beach Club”.

The VIP experience included being catered for with lounges on the beach, plenty of drinks, appetizers, lunch and dessert.

Our second port visit was Cartagena Columbia. The ship arrived early in the morning. Our tour included a scenic drive of the city with a visit to San Pedro Claver Church.

(Continued on page 4)

(Continued from page 3)

During our walk back to the bus, Julie fell on a few rocks and badly bruised her right leg. The tour bus operator and tour guide cleaned her up the best they could and stopped the bleeding.

It was time to head back to the ship. After a visit to the medical department, we were back in our stateroom relaxing after all the adventures of the day.

Our next stop, after a day at sea, was the partial transit of the Panama Canal. No excursions were planned, and we had a balcony room to watch the movement through the locks.

After our transit through the locks, we pulled into Colon Panama for a few hours to pick up the folks who got off the ship and toured the locks.

(Continued on page 5)

The time gave Julie a few days to see if her leg got any better. Unfortunately, the bruising got worse, and she still had a few open wounds. We decided to cancel our last two excursions, one of them being the swim with the Dolphins.

It worked out fine for us. About the time Julie hurt her leg, I developed a bad cough and didn't feel well. Later, it was diagnosed as Sinusitis. What a pair we were...watching TV in our Stateroom all day just coming out for meals!!

Overall, we enjoyed the cruise and look forward to cruising again.

Next month, we'll be traveling to Johnson City for the Tennessee District Rally "Spring Fling". Watch next month's Newsletter for more details.

**10. Group Members should Ride their Own Ride.** Only the individual rider can determine certain actions and make decisions that affect their Safe Riding. Members must maintain adequate spacing. The recommended method of riding is staggered and Two Seconds behind the bike in your Same Lane Track. That means the bike staggered in front of you is only One Second ahead of you. Your escape path, should you have to make an emergency stop, would be to pass the bike directly in front of you on the Empty Lane Track side of them if necessary. Remember, the purpose of maintaining a tight formation is to deter other traffic from encroaching into your Group. Should it become obvious that another vehicle is trying to move into the Group to make an upcoming turn, LET THEM IN. A vehicle that has entered the Group and is not turning can be deterred to move out of the Group if the Lead Rider slows the Group down until the vehicle leaves. It's not a perfect world! Stuff happens. Members should minimize audible communication chatter so the Lead Rider and Tail Gunner can talk as needed.

**11. The Tail Gunner** is responsible to keep the Lead Rider informed as to the Groups progress. The Tail Gunner will secure a lane if requested by the Lead Rider. The Group can then change lanes when advised to so, by either moving FRONT TO BACK or BACK TO FRONT depending on traffic congestion situations. If a Member pulls off, it is the responsibility of the Tail Gunner to notify the lead rider and also pull over with the member to determine the reason for the stop. The Tail Gunner will also advise the Lead Rider if any Members get caught up in traffic or separated due to a Red Light. Neither the Tail Gunner nor any other Member is allowed to Stop Traffic for the Group.

**12. The Responsibility of All Riders** is to inform the Lead Rider of any special needs: Parking, Medical, or Other. Members should repeat Hand Signals observed in front of them for the consideration of Members who do not have audible communication. Never take anyone else's word that traffic is clear to make any movements without first double checking yourself.

The above recommendations were just an abbreviation of our actual "Riding In A Group" classroom Presentation. If you would like to get the full presentation and discuss what has happened on your past Group Rides, please attend our class at the Rally. I will be conducting this Presentation which will actually be after the Group Rides, so there should be plenty to discuss.

We are here to assist you in safe riding,

Ride Safe!

### LADIES' LUNCHEON

#### 1st & More to Come

IT HAS BEGUN! A few of our ladies were able to attend the first monthly luncheon held on February 20th at Olive Garden in Palm Coast. Those present and pictured above are: Betty Currie, Irene Harrington, Jeanette Bowen, Gloria Harrington, myself, Teresa Carr, and Ruth Sober. We all had soup & salad and enjoyed lots of conversation and laughs. The date will vary each month depending on calendar events. Although we wear our red chapter shirts to events as a way to promote our chapter and the Eagle Wings Motorcycle Association, this is one time we ladies get to "dress up" - wear casual attire. At the end of each luncheon we will decide as a group where the next lunch will be held. We will alternate between Palm Coast and Daytona locations.

On March 19th, the next luncheon is planned for 11:30am at Bahama Breeze on International Speedway Blvd. in Daytona Beach.

COME & BRING A FRIEND!

## RIDING IN A GROUP REVIEW

Greetings to All,

WOW! Our Florida District Rally is almost here. One important and fun feature of our Rally is going to be the Group Rides. EWMA is all about riding! I thought I would review with you the important aspects of safe and fun Group Riding. The primary thing to remember when you are riding in a Group is that you are no longer an individual rider. Every action you take should be for the benefit of the Group staying safe and together.

Group Riding consists of several riders who have agreed to structured rules regarding formation, conduct, consideration and cooperation while riding together. There is a reliance on each other and a concerted effort to support the others in the group. Members of the group must realize that their individual riding actions influence the others in the Group. You should ride with awareness and focus.

### Ride Planning and Preparation:

1. **Plan the Route** away from congested areas and Interstates if possible.
2. **Plan the Breaks** taking into consideration the different needs and ages of your group.
3. **Hold a Pre-Ride Briefing** to discuss the ride itinerary which includes rest stops, food/fuel stops and destination.
4. **Plan the Size of the Groups.** This should be determined by the Lead and Tail Gunner by considering the amount of Riders the group will be comfortable with.
5. **Plan the Start Location and Time.**
6. **Be Prepared to ride.** Members should arrive with a full tank of gas, full stomachs, necessary gear, ride ready and an EMPTY bladder.
7. **Plan the Speed of the Groups.** The larger the group, the slower the Lead Rider needs to take off from a stop. The normal Speed Limit should not be obtained until the Tail Gunner has advised the Lead Rider that all members have moved and are together. Remember the Primary Objective of Group Riding is to keep the Group together, relaxed and comfortable with the ride.
8. **Plan the Stops.** The larger the group, the longer it will take for everyone to get back on their bikes and ready to move out.
9. **Responsibilities.** The Lead Rider must be an Experienced Rider who is able to change hats when he/she is leading a Group. They must slow down their take off speeds and riding speed to keep the Group together. They must keep in communication with the Tail Gunner. They must point out obstacles on the roadway, speed limit changes, traffic lights or stops ahead, or any other traffic situation that warrants being announced. Hand signals should also be used and passed down by all Riders, especially if some Members do not have audible communication.

## On The Lighter Side

In order to be born you need: 2 parents, 4 grandparents, 8 great-grandparents, 16 second grandparents, 32 third great grand-parents, 64 fourth great-grand parents, 128 fifth great-grandparents, 256 sixth great-grandparents, 512 seventh great-grandparents, 1024 eighth great-grand parents, 2048 ninth great-grandparents... For you to be born today from 12 previous generations you need a total of 4094 ancestors over 400 years.

You don't need a parachute to go sky diving. But you do need a parachute to go skydiving the second time.

This morning I was staring at my naked body in the mirror and thought "I'm gonna get kicked out of this Ikea store pretty soon."

Sleeping next to someone you love makes you fall asleep faster, reduces depression and helps you live longer...UNTILL THEY START TO SNORE!

Apparently, it's only appropriate to say "look at you! You've gotten so big!" to children. Adults tend to get offended.

They say with age comes wisdom, so therefore I don't have wrinkles, I have wise cracks.

One out of four people in this country are mentally unbalanced. Think of your 3 closest friends...If they seem okay. THEN you are the one.

How do people fall to sleep as soon as they close their eyes? It takes me, 4 hours, 7 pillow flips, 11 different positions, 2 trips to the bathroom and a partridge in a pear tree!

During my last visit to my doctor, I ask him, "How do you determine weather or not an older person should be put in an old age home?"

"Well," he said, "we fill up a bath tub with water, then we offer a teaspoon, a teacup and a bucket to the person and ask them to empty the bathtub."

"Oh I understand," I said. "A normal person would use the bucket because it is bigger then the spoon or teacup."

"No" he said "A normal person would just pull the plug. DO YOU WANT A BED NEAR THE WINDOW?"

"The hardest job kids face today is learning good manners without seeing any"

GOD gave us mouths that close and ears that don't.

That must tell us something.

A satisfied life is better than a successful life. Because our success is measured by others. But our satisfaction is measured by our own soul, mind and heart.

### American Flags

If you have any torn, tattered, or discolored flags of any size, please give them to me. I will gladly have them disposed of properly, DO NOT put into trash.

Thank you.
